RE: Ohio Republican State and Central Executive Committee  
30 Day Post-General Report (10/19/00-11/27/00)

Dear Mr. Maxwell:

This letter is in response to the Commission's request for additional information regarding the above referenced reporting period. An itemization follows:

Schedule A of your report discloses a contribution from an organization, which is not a political committee, registered with the Commission. Some of these contributions also appear to exceed contribution limits.

- The contributions in question were never deposited to our federal accounts. I actually had a federal and state report due in the same period and therefore did not have an opportunity to review the federal contribution pages prior to submission. Since our state reports are much more detailed I did catch that these particular contributions were miscoded in our contributor software as being federal receipts when they were actually state receipts. They were reported correctly on our state report. Please see attached state campaign finance report contribution pages. I apologize for this reporting error.*

Your report indicates a transfer from the Republican National Committee, which has not been disclosed on their report of receipts and disbursements.

- I have researched these wire transactions and have realized that our caging operation entered them under the Republican National Committee when they were actually received from the National Republican Congressional Committee. We have made the appropriate corrective entries within our software and they are correctly reported in our attached amended report. We*

- *did report a receipt from the Republican National Committee in error for 10-26-00. We were to get a wire transfer from them but it was never received and was not caught until our final year-end reconciliation when it showed as still being an outstanding deposit item. We have corrected our report to reflect that the amount of \$15,764.88 was actually not received by us.*

Schedule A of your report discloses a contribution(s) which appears to exceed the limits set forth in the Act from another political committee. A loan is included in the definition of a contribution.

- *Please find enclosed photocopies of checks we have issued back to two of the three committees you indicated in your letter of May 9, 2001. These disbursements will be reported on our 2001 semi-annual report. We respectfully ask for additional time in resolving Senator DeWine's contribution/loan amount as we have been unable to contact him to ascertain his wishes for the excess contribution. As soon as we are given his direction we will make the appropriate disbursement and notify you in writing. Unfortunately our campaign finance software company, Aristotle has told us that we cannot set multiple contribution limits. We have different limits for federal and non-federal accounts and it has been difficult to catch these over contributions easily.*

Schedule A of your report discloses a contribution from an individual, which appears to exceed the limits set forth in the Act.

- *Please be advised that we have spoken with the contributor who requested that \$100 which represents the over contribution be reattributed to our state funds. This reatribution was done on May 23, 2001 and will be reflected on our June 30, 2001 report.*

Schedule A supporting Line 12 discloses a transfer in from the Republican National Committee and Republican National Congressional Committee.

Schedule B supporting Line 21(b) reflects payments for exempt activities. Please clarify that funds received from the Republican National Committee and the Republican National Congressional Committee were not used for activities other than permitted under the Act.

- *All funds received by both the Republican National Committee and the Republican National Congressional Committee were not used for exempt activities ie: campaign materials. Volunteers according to the Act distributed these exempt activities.*

Your EVENT YEAR-TO-DATE calculations for Administrative/Voter Drive are incorrect.

- *Please be advised that I have corrected the year to date amounts and they are reflected on the enclosed amended H4's.*

Payments made to credit card companies must identify the original vendors whom you have purchased an item or service if your payments to these vendors have exceeded \$200 this year including the mailing address.

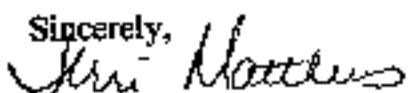

- *I have contacted the vendors and correctly reported their complete addresses.  
Memo entries are attached.*
- \*  
*Loan schedule (Schedule C) should disclose the complete name and address of the person making the loan.*
- *Once again, please see attached amended Schedule C.*

Your report disclosed a category of financial activity that has been reflected on the wrong line of the Detailed Summary Page. Receipts from candidate committees should be properly disclosed on a separate Schedule A Line 11(c). *Please be advised that Schedule A Line 11 (c) is for Political Action Committees not Candidate Committees. Please advise which item was incorrectly reported and I will gladly fix it and will be aware in future filings.*

2 USC requires itemization of contributions from individuals and persons other than political committees, where the aggregate total from the contributor exceeds \$200 in a calendar year.

- *Attached is an email received by the compliance person with Aristotle from Deborah Chacona at the Federal Elections Commission stating that our reporting of contributions within a single reporting period are permissible.*
- \*  
*I sincerely apologize for the numerous errors contained in this report. This reporting period was extremely busy for me for both Federal and State reports. We are trying to work very diligently with our campaign finance software company, Aristotle to resolve many of these programming problems. Should you have any further questions or concerns, please don't hesitate to contact me.*

Sincerely,

Terri Matthews

I decided against copying you in on the memo I sent to my staff due to references to internal procedures and thresholds, however, I can summarize for you the main point of my instruction. If a person gives \$50, \$100 and \$100 all during the same period (for a total of \$250), and all 3 receipts are itemized on Schedule A, there is no need to ask committees to report only the entry(s) that puts the individual over \$200, as long as the individual has exceeded \$200 in the same reporting period. Hope that clears things up for you.
